Pope Francis talks about the problem in scathing terms saying, "Corrupt politicians, businessmen, and priests are everywhere".

I am hopeful that you have captured an understanding of Home Owners Associations and the Crisis is America. It is time to put an end to the corruption by and through HOA Management Companies, Collection Companies and HOA attorneys. It's time to turn off the shower of money literally falling into the pockets of these Management Companies, Collection Companies and HOA attorneys at the expense of homeowners everywhere.

The science of stress related illness in HOAs is solid. The physical and psychological effects are real, not imagined. Denying the effects will come at an enormous detriment to you and your family.

Or, in the alternative, you can adopt the current laissez-faire philosophy. On the surface it's still La Dolce Vita, the sweet life. As for the future, that's somebody else's problem. If you can't do this for yourself... do it for your children, the ones that are being robbed of their inheritance through directives from HOA Board members. And if we don't stop what is happening to us, it is my belief that we are setting ourselves up for a catastrophic event. We must act before it is too late. We must act now. Corrupt Politicians, businessmen, and priests are everywhere.
